## REPORT OF THE HINSDALE PLAYGROUND COMMITTEE

---

Due to the death of Clifford Hall it was necessary to find a new caretaker for the playground. After much consideration we selected Mr. Joseph Doucette. The children enjoy "Uncle Joe" as much as they liked their dear friend "Clif."

After the grounds were put in shape this spring, the High School began the season by using the baseball diamond for practice and games. After school closed the playground was operated from 11:00 a. m. to 4:00 p. m. under the capable supervision of Mrs. Chester Minkler and Miss Betty Principe, the assistant. Arts and crafts were taught

as well as sports and swimming. The average daily attendance was 85 children, during the supervised ten weeks' summer season. More children came to the playground this year than in years past. The children were escorted daily from the High School to the playground by the supervisors.

The baseball diamond was also used by the Hinsdale Athletic Association. All other equipment, including the swimming pool, were greatly used outside the supervised time. Many picnic parties were also held at the outdoor fireplace. The skating rink could not be used because of unseasonal weather conditions.

The annual Fourth of July celebration was held with favorable weather and a large crowd attended. The net proceeds for the day were \$501.00, which will be used around the playground.

A great deal of new equipment has been purchased. The field-house has been painted, both inside and out, and also all outside equipment including the swimming pool. Three new horseshoe courts were made, two chutes and a merry-go-round were erected. The backstop was rebuilt and the baseball diamond resurfaced.

The lawn mowers and doodlebug have worn out from years of hard usage which made it necessary to hire a tractor to mow the lawn towards the end of the season. These will have to be replaced before another season.

The playground committee has purchased the construction office building from the MacMillan Co. that was used when building the grade school. The building will be moved near the swimming pool and be remodeled into a bath house.

The playground committee is planning additional equipment to be ready for the 1950 season. This was made possible by having a favorable Fourth of July celebration.

We wish to thank all of the townspeople and organizations that have helped to make our playground a success. We hope to continue to build our playground so that it will be a valuable asset to the town of Hinsdale, as well

as offering the Hinsdale boys and girls the same advantages that other towns provide through their recreational departments.

Respectfully submitted,  
 EDMUND A. BOUSQUET,  
 ROLAND H. O'NEAL,  
 BERNARD O'CONNOR,  
 ROBERT BRANDL,  
 CHARLES PARDEE,  
 Playground Committee.

## SUPERINTENDENT'S REPORT OF THE WATER AND SEWER DEPARTMENT

---

To the Water and Sewer Commissioners and Citizens of  
 Hinsdale:

I herewith submit the following report:

It might be interesting to know the amount of water that was filtered in July 1940 was 1,976,500 gallons and in July 1949, 5,544,900 gallons.

We are fortunate to have such a wonderful water supply. It has proved that way for the last two dry years. The water level at Kilburn pond this last year dropped down only thirty inches from crest of dam and we have had water running over Kilburn dam for the past three months.

At present we have about 400 users. Anyone wishing to visit the purification plant is cordially invited to do so.

In closing my report, I wish to thank the Commissioners, Selectmen and Fire Chief for their cooperation in the past year.

Respectfully submitted,  
 CHARLES W. HARRIS,  
 Superintendent.

The annual physical examination of school children was started soon after the reopening of school in the fall by Dr. Edmond Lachaine, school physician, assisted by the school nurse. Enlarged tonsils and dental caries were the outstanding defects found.

During the month of May there was an epidemic of measles and several cases of chicken-pox in the schools.

I attended a School Nurse's Meeting in Keene, N. H. on March 31st and a State Nurse's Meeting in Manchester, N. H. on Dec. 14th.

I wish to thank all those whose cooperation has made it possible to carry out the work of the nursing service.

Respectfully submitted,

BERTHA A. CURRIER, R. N.

## LIBRARY REPORT

---

|                      |        |
|----------------------|--------|
| Hours open per week  | 23     |
| Total circulation    | 19,492 |
| Adult fiction        | 8,680  |
| Adult non-fiction    | 2,041  |
| Juvenile fiction     | 3,550  |
| Juvenile non-fiction | 2,783  |
| Magazines            | 2,438  |
| Average daily        | 78     |
| Percent of fiction   | .62    |

There has been a sizable increase in circulation due to the demands of the school children. Adult circulation is on the decrease. Readers seldom take more than one or two books, where formerly they often took away an armful. The rental collection is another factor; one new book proving more satisfactory to the reader than a number he might have previously read.

The librarian attended the New Hampshire Library Association meeting held in Manchester this year and also attended a district meeting in Winchester at which the secretary of the New Hampshire Library Commission gave valuable information pertaining to New Hampshire libraries.

At a joint meeting of the school board and library trustees, hours were agreed upon for the basketball practice and for the public use of the library. These have not been satisfactory and the library has had to be kept open longer in order that students can find time to do their work. At the end of the basketball season the hours open will be the same as before the change was made. They will be 3:00 to 5:00 p. m. except Tuesday and 6:00 to 8:00 p. m. except Saturday.

It has been arranged to bring the North Hinsdale children by bus once a week to the library from the new school and over thirty children each week take advantage of the opportunity to borrow books for themselves and their parents.

The library needs a thorough cleaning at the end of the basketball season and an inventory of its books and catalogs. Also a new juvenile encyclopedia, as our latest one was purchased just before the war.

LUELLA M. C. STREETER,  
Librarian.

## REPORT OF THE HEADMASTER OF THE HIGH SCHOOL

January 18, 1950.

To the Superintendent of Schools:

I herewith submit my third annual report as headmaster of the High School.

The school activities were varied and plentiful during the school year. The task of raising funds to finance the senior trip to Washington continued, and students augmented their funds by selling magazines, pennants and sweatshirts with the school insignia, holly sprigs, personalized stationery, candy, conducted food sales, movies and suppers, sold Christmas evergreen sprays, and held raffles.

The Music Department put on annual Spring and Christmas Concerts which were well presented and received. The Choral organizations, Band and Junior Band participated in these concerts. Selected pupils from the

grade school took part in the Christmas concert. The Band presented an outdoor concert at Jackwood Park in the spring. The Band attended the All-State Festival at Franklin. Here the Band participated in the parade and was also auditioned. Selected students from the Band and Chorus took part in the State Band and Chorus Concerts in Concord. Our school was represented by Arvilla Hudson at a Solo Festival in Keene last spring. The Band marched in Hinsdale and Winchester Firemen's parades in September. A grade school operetta, "The Inn of the Golden Cheese," was presented during the year.

The Senior Class presented "Our Hearts Were Young and Gay," a difficult play directed by Mrs. Stearns. The Freshmen and Junior plays were produced and directed by Mrs. Smith and Miss Smith.

Many projects were completed in the shop under the supervision of Mr. Scott. Among the many projects were lamps, end tables, coffee tables, bookcases, magazine racks, record cabinets, lawn chairs, baby cribs, play pens, toys, occasional tables, and gun cabinets. Various repairs in the school were performed by shop boys.

Educational field trips were made to various industrial, manufacturing and business establishments. A class went to the Holstein Freisian Cattle Clubs, and another visited the Swasey Woolen mill and observed the manufacturing of cloth. One class visited the White-Washburn Mill, and another visited the Chateau at Northfield. A group in a foods class visited the Tapioca Plant in Orange, Mass. The Nelson Museum in Winchester was also visited.

The teachers attended a worthwhile workshop at Keene where pertinent pupil, class and school problems were presented, studied and discussed. The annual County Teachers' Institute held at Keene in the spring of each year was discontinued.

The Band Sponsors' Club is contributing a great deal to the activities of the band. A very energetic group of parents have raised a fabulous amount of money to purchase band uniform trousers and instruments which have

motivated the spirit and performance of the band. The projects of the Club to raise this money, were many, challenging and time consuming.

The Commercial Department received two new machines this year. A Speed-o-print replaced a worn out mimeograph machine. A spirit duplicator machine was also added. The school shop has a new six inch jointer, and the Home Economics Department has a new electric sewing machine.

Our school sports program has been enlarged to include the activities of the larger schools. With basketball for boys and girls, our physical education program now includes a sports program in the fall, winter and in the spring. The interest in each sport is high and a good percentage of the student body is taking advantage of the opportunity to participate. The Student Council honored the basketball teams at a banquet last spring. Townspeople who gave money to purchase school basketball equipment were invited to the banquet.

The pupils were given a physical examination by Dr. Lachaine and Nurse Currier. Both the Doctor and the Nurse were called upon many times during the school year to give services to our sick boys and girls.

Parents and interested citizens are invited to visit our school at any time; and are invited to make appointments with teachers to discuss school problems.

Graduates of the class of 1949 follow:

I have the honor to submit my third annual report.

**Teachers:** The Hinsdale schools opened in September with but two changes in personnel. Miss Mary A. Brown was elected to the Commercial position in the High School. Miss Brown is a graduate of Salem Teachers' College and holds a master's degree from Boston University. She replaced Mrs. Ann Gaseau who resigned. Upon the resignation of Mr. Chester Minkler as music supervisor, Mr. Robert H. Criden was elected to that position. Mr. Criden is a graduate of Ithaca College.

Upon the opening of the new elementary school, two additional teachers were engaged by the school board. Mrs. Ruth H. Rider of Brattleboro was elected to teach a combined third and fourth grade class. Mrs. Rider is a graduate of Wheelock School. Mrs. Harriet LaChance was elected to the kindergarten position. Mrs. LaChance previously taught in the public schools of Greenfield, Massachusetts.

**Buildings and Grounds:** Hinsdale can take pride in its new elementary school. The pupils moved in for the first time on December 8 when the boiler at the Bridge Street School was out of order. It was gratifying and a source of great satisfaction to see the looks of joy on the

faces of the boys and girls as they entered the building and sat down at their new desks.

It has been particularly noticeable that the playground equipment has been given considerably more use since the opening of the new school. The children enjoy the swings, slides, teeter boards, jungle jim, etc., before and after school and during the recess periods. They have plenty of room in which to play and are not restricted to a small area as they were at the Bridge Street School.

The interior of the new building is well ventilated and has adequate light, both natural and artificial. This will contribute to maintaining healthy bodies and strong eyes.

One room has been outfitted as a kindergarten. The furniture which originally had a natural finish was repainted in pastel colors by the high school boys in the course of their shop work. Mrs. Harriet LaChance, the kindergarten teacher, reports that she has an enrollment of twenty-six.

It is to be hoped that the high school building can be painted in the near future. This building must be maintained in as good a condition as possible since it is probable that it will be used for a considerable period of time.

**Hot Lunch Program:** One of the decided improvements in our school system is the hot lunch program at the new school. A well equipped kitchen and a large dining room provide facilities which were formerly lacking. Miss Temple reports that some 200 pupils eat there regularly during the noon hour.

Each child receives a Type A lunch as defined by the federal government. This is a hot, well balanced lunch including one-half pint of milk. The charge is twenty cents per day. It is possible to provide a good nutritious lunch at this low cost because of federal reimbursement and the receipt of surplus commodities.

Mrs. Yvonne Donzey manages the lunch room at present. She is ably assisted by Mrs. Roman Tkaczyk and Miss Yvonne Kilhart. Miss Mabel E. Temple, principal of the

school, does the bookkeeping and keeps all records incidental to the program.

The hot lunch program is recommended by leading educators as a necessary part of a modern school system. To keep little bodies sturdy and strong, good nutrition is essential. It is heartwarming to see the youngsters go to the serving area for "seconds" and "thirds."

The noon hour contributes also to the social adjustment and development of the children. They sit down at a common table with their classmates and learn the niceties of etiquette and table manners. This certainly can be considered as part of their education.

**Loss of State Aid:** During the recent session of the state legislature, it was voted to cut the state's appropriation for state aid to local school districts from \$2,000,000 to \$400,000. This was done in the face of rising school costs and despite the fact that it was a foregone conclusion that local real estate taxes would bear the brunt of the cut. As a result, Hinsdale lost over \$9,000 in revenue which she had received the year previously. This means a larger assessment on the town to meet the obligations of the school district for the next fiscal year.

It is deplorable that the state legislature saw fit to cut the state aid to education when New Hampshire already ranked very low among the states in supplying such aid. Even with the former \$2,000,000 appropriation, although New Hampshire ranked fourteenth among the forty-eight states in the amount of income back of each pupil in average daily attendance, it ranked only twenty-fourth in expenditures per pupil from all sources and it ranked forty-fourth in the amount of state aid per pupil.

State aid helps the poorer districts to maintain better schools. It also shifts the tax burden from real estate to other sources of revenue. It is in the interest of Hinsdale to have the former state aid fully restored and, if possible, increased.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our schools for their cooperation.

Respectfully submitted,  
**CHESTER C. LEES,**  
 Superintendent of Schools.

## FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

- (1) Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
- (2) Securing the required written permit from the warden when the ground is not covered with snow.
- (3) Insisting that others be careful and comply with burning requirements.
- (4) Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.
